Introduction

A municipal budget is far more than a financial document; it reflects the priorities and key objectives set by the municipality for the next twelve to eighteen months. So, when examining the budget, one must not simply look at the column of numbers on a page but also try to see what the municipality wishes to accomplish over the next year. This budget provides some explanations, by department/function, of what the City of Aberdeen wishes to concentrate on in Fiscal Year 2020.

There are two categories of funds.

1. <u>Governmental Funds</u>, consisting of the General Fund, Capital Projects Fund, and Special Fund.

The General Fund is used to account for all government functions not required to be separately accounted for. The Capital Projects Fund accounts for costs of construction and other capital purchases. The Special Fund accounts for various projects funded by various special grants.

2. Enterprise Funds, consisting of the Water Fund, Sewer Fund, and Stadium Fund.

The enterprise funds are used to account for operations that are operated in a manner similar to private businesses, where the intent of the governing body is that the costs, including depreciation, of providing services to the general public on a continuing basis be recovered, primarily, through user charges.

The Budget is actually four separate budgets; the General Fund (Operating and Capital) supported by tax revenue and fees, the Water Fund supported by water charges, the Sewer Fund supported by sewer charges, and the Stadium Fund for Aberdeen's municipally owned Ripken Stadium, partially supported by transfers from the General Fund. The City does not budget for the Special Fund, because there are very little activities and its funding sources (special grants) are irregular and unpredictable.

It should be mentioned that the City provides most of the key municipal services with the key objective to provide them well. The proposed budgets will maintain the quality of services expected by the community.

Budget Summary by Fund

	FY 2019			•
	Working	FY 2020	Change	
Fund	Appropriation	Request	Incr (Decr)	% Change
General Fund	17,676,081	17,902,533	226,452	1.3%

Stadium Fund	975,473	1,065,773	90,300	9.3%
Grand Total	30,569,294	29,308,670	(1,260,624)	-4.1%

Budget Discussion

General Fund Operating

Revenues

<u>Property Taxes</u>. The assessable bases for Real and Personal Property Taxes are provided by the State, which the City uses to generate the tax bills. For the FY 2020 budget, the City reduced its Real Property Tax rate by 1.02 Cents. The Real Property Tax rate for the FY 2020 budget is \$0.64 per \$100 of assessable base, which is lower than the Constant Yield Tax rate. The Personal Property Tax rate is \$1.70 per \$100 assessable base. Property taxes are projected to be \$10,722,554.

Other Taxes. This category consists of Franchise tax on cable companies, Mobile Home tax on mobile home parks, and Utility tax on utility poles and conduit lines placed within the City by electric and telephone companies. Revenues from other taxes are projected to be \$261,022.

<u>State Shared Revenue</u>. In this category are Income Tax, and Highway User Revenues (HUR). The City is projected to see a sizeable increase in HUR funds from the State. State Shared Revenues are projected to be \$1,999,859.

<u>Licenses and Permits</u>. This category includes, but is not limited to, Traders Licenses, Grading and Building Permits. Revenues from this category are projected to be \$96,800.

<u>Police Grants.</u> State Aid for Police Protection and Special Patrols are included in this category. The State allocates funds to the County based on population density, net taxable income, assessable base, and per capita police expenditures. The funds are divided between the County and municipalities on the basis of relative police expenditures for the immediate preceding fiscal year. The Aberdeen Police Department performs special patrols where it occasionally participates in joint operations with the State and Federal governments, and also patrols certain County and business premises. The costs of these patrols are reimbursed. Police Grants are projected to be \$384,802.

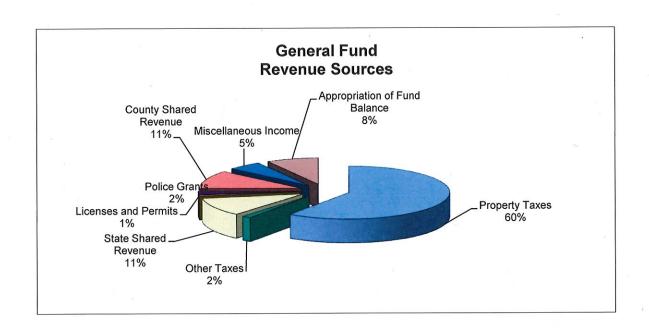

<u>County Shared Revenue</u>. The two major items in this category are Police Tax Differential and Hotel Tax. Aberdeen's share of the Hotel Tax is projected to be \$700,000. The Police Tax Differential is revenue returned to the City by the County to compensate for police services it provides in lieu of services that would otherwise be provided by the County. County Shared Revenues are projected to be \$1,978,113.

<u>Miscellaneous Income</u>. This category includes all other revenue sources that could not fit into any of the preceding categories. Miscellaneous Revenues are projected to be \$971,031.

Appropriation of Fund Balance. The City will be appropriating \$1,488,352 from Unassigned Fund Balance to fund capital projects.

General Fund Revenue Sources

		% of
Description	Amount	Budget
Property Taxes	10,722,554	60%
Other Taxes	261,022	2%

Licenses and Permits	96,800	1%
Police Grants	384,802	2%
County Shared Revenue	1,978,113	11%
Miscellaneous Income	971,031	5%
Appropriation of Fund Balance	1,488,352	8%
Total Revenues	17,902,533	100%

Expenditures

<u>Legislative</u>. The legislative portion of the budget pertains to the activities of the Mayor and City Council. Included in this area are their salaries, training and travel expenses and memberships in State and national municipal organizations. FY 20 request: \$121,832.

<u>Executive</u>. The executive portion of the budget supports the activities of the City Manager, City Clerk, Human Resources Director, IT Coordinator, Safety Director and Administrative Assistant. FY 20 request: \$646,072.

Elections. City Council elections are scheduled for November 2019. FY 20 request: \$9,500.

<u>Finance</u>. The Finance Department oversees all the financial matters of the City, including water and sewer billings, accounts payable, tax collection, the budget, and procurement. In addition, the department also oversees the receptionist desk. There are nine employees in the department who tend to these functions. In FY 20 there is the plan to add an additional employee to this function of the City. FY 20 request: \$611,533.

<u>Legal</u>. This function is filled by the City Attorney and any specialized counsel that the City needs. The maintenance of the City Code by a codification company is also in this category. FY 20 request: \$156,000.

<u>Planning and Community Development.</u> The City of Aberdeen maintains full planning and zoning authority within its Planning and Community Development Department. Planning functions are carried out by a volunteer planning commission and a City staff of four. In addition, this department oversees grants administration and economic development. In FY 20, the department anticipates additional contracting capabilities to continue its Main Street Alliance initiative started in FY 19. FY 20 request: \$328,454.

<u>Government Building</u>. The City owns and maintains several buildings. The Government Buildings portion of the budget includes the costs to operate and maintain these buildings as well as IT needs and costs. The major priority in this area is to upgrade and maintain the City's IT software and hardware. FY 20 request: \$960,282.

<u>General Government.</u> The General Government area of the budget includes City contributions to our boards and commissions as well as several allied agencies that provide valuable public and quasi-public services to the residents of Aberdeen. Those recipients include; the Boys and Girls Club, the Appearance and Preservation Committee, the Economic Development Commission, the Heritage Committee and the Army Alliance. Costs for community promotions are also included in this category. FY 20 request: \$85,500.

<u>Health and Safety</u>. The general health and safety needs and requirements are budgeted in this category. A major initiative planned for FY 2020 is comprehensive physicals for all sworn police personnel. FY 20 request: \$31,075.

<u>Police.</u> Aberdeen is fortunate to have a top-rated Police Department. In 2015 the Department became CALEA Certified becoming one of the few municipal departments earning this distinction. The department budgeted for forty-three sworn officers and twenty-two non-sworn personnel including dispatch, and code enforcement. Included in the budgeted personnel is the conversion of a part time security officer to full time, and a School Resource Officer. FY 20 request: \$4,666,631.

<u>Fire.</u> Aberdeen is served by a volunteer Fire Department (AFD). The City supports this dedicated group of volunteers. The City recognizes the Fire Department's need to upgrade its several-decade old facility and is making a one-time additional contribution above its mandated requirement. FY 20 request: \$350,000.

<u>Public Works Administration</u>. Public Works provides many services which are paid both through the General Fund and the enterprise funds (water and sewer). Public Works Administration is that area of the budget that includes the personnel that serve all of these functions to include the Director of Public Works, Public Works Administrative Assistant, City Engineers, City Inspector and GIS Specialist. This year's budget includes the conversion of a part time clerk to full time. FY 20 request: \$510,189.

<u>Public Works Streets.</u> This department provides a multitude of public works services including street maintenance, parks maintenance, sidewalk maintenance, tree maintenance, snow plowing, and storm water system maintenance. This year's budget includes an additional employee to this function of the City. FY 20 request: \$1,025,580.

<u>Street Lighting.</u> The City of Aberdeen lights its streets and public areas through a contract with BGE. The utility is responsible for all maintenance and replacement of the street lights paid for by the City. The City has and expects to continue seeing cost savings in this area due to conversion to LEDs. FY 20 request: \$340,000.

<u>Winter Operations.</u> During snow and ice storms, the Aberdeen Department of Public Works is responsible to plow and treat all City owned streets. Over the past several years the City has invested in its winter operations by adding a new enclosed salt storage facility with over three times the storage capacity of the former storage facility. The City has also upgraded its truck fleet and inventory of salt spreaders over the past several fiscal years. The City places Winter Operations in its budget but does not try to precisely estimate the yearly costs; as such, costs are highly dependent on the frequency and intensity of winter storms. FY 20 request: \$50,000.

<u>Solid Waste.</u> Trash and recycling collection and disposal are in this portion of the budget. The City owns four trash trucks as well as a stake body truck that are used to pick up trash, co-mingled recycling, bulk pick-ups, and yard waste. Collected materials are disposed of through Harford County for which the City pays a tipping fee. Aberdeen has seen extraordinary improvements in its solid waste management by abolishing the "pay as you throw" sticker system in FY 19. The FY 20 budget reflects no fees or charges to the residents for routine trash and recycling. FY 20 request: \$752,410.

<u>Municipal Separate Storm Sewer Systems.</u> A new federal regulation requires the implementation and maintenance of a storm water management system to protect surface and ground water by reducing the amount of sediments and pollution from municipal storm sewer systems. The implementation of this mandate would require significant funds. The City has started the implementation of this mandate. FY 20 request: \$100,000.

<u>Retirement.</u> The City offers several different retirement opportunities for its employees. Most employees are covered under a defined contribution program through International City/County Management Association Retirement Corporation (ICMA-RC). Sworn police officers participate in a defined benefit program. Also in this area are the City's costs for Other Post-Employment Benefits (OPEB). FY 20 request: \$1,470,136.

<u>Payroll Related.</u> There are payroll related costs associated with employing over 170 employees, including health insurance, Workman's Compensation Insurance, and FICA. The FY 20 request is \$2,119,258.

<u>Miscellaneous.</u> Costs that do not fit neatly into another department/function are deemed to be Miscellaneous. FY 20 request is \$237,173.

<u>Parks and Recreation.</u> This portion of the budget supports the efforts of the Aberdeen Parks and Recreation Committee, parks maintenance and the capital needs at the Aberdeen Swim Club. The Swim Club is operated under agreement by the Boys and Girls Club. FY 20 request is \$110,750.

<u>Debt Service</u>. The City has incurred debt for several capital projects including the City Hall and the Public Works facility. FY 20 request: \$561,729 for principal payments and \$115,803 for interest payments.

<u>Transfers.</u> The City transfers funds to the Capital Projects Fund for capital constructions and purchases. It also transfers funds to the Stadium Fund to support its operations, principally debt service. FY 20 request: \$1,734,859 to the Capital Projects Fund and \$807,767 to the Stadium Fund.

Enterprise Funds

Water Fund

The Water Fund is used to account for the daily operations of the water utilities. The operations distribute safe drinking water to about 5,000 customers through 82 water main miles with 4 water towers and 14 wells using 4 booster stations. The City purchases up to 900,000 gallons of water per day through an agreement with Harford County. Its main revenue sources are usage fees and capital connection fees. The capital connection fees are used to maintain existing infrastructure and future capacity. The water rates for FY 20 are: Minimum charge per 3,500 gallons or less of metered water is \$19.68; over 3,500 gallons is \$5.94 per 1,000 additional gallons. The capital connection fee is \$10,500 per equivalent dwelling unit.

Sewer Fund

The Sewer Fund is used to account for the daily operations of the waste water treatment facility. The operations collect sewage from about 5,000 homes and businesses through 72 sanitary sewer miles using 11 sewer pumping stations. Its main revenue sources are usage fees and capital connection fees. The capital connection fees are used to maintain existing infrastructure and future capacity. The sewer rates for FY 20 are: Minimum charge per 3,500 gallons or less of metered water is \$23.65; over 3,500 gallons is \$6.74 per 1,000 additional gallons. The capital connection fee is \$5,400 per equivalent dwelling unit.

Stadium Fund

The Stadium Fund is used to account for the operation of the Ripken Stadium. Its main funding sources are the Admission and Amusement Tax, and Hotel Tax (transferred from the General Fund).

Below are short narratives for each of Aberdeen's proposed Capital Budget items for its 2020 Fiscal Year Budget

- Street Resurfacing: The City will be supplementing the nearly \$700k in Maryland Highway User Funds to repave city owned and/or maintained streets.
- Street Resurfacing (Highway User Revenue funded): These **funds provided by the State**, through the collection of the Gasoline tax, are used for repair and maintenance of existing roadways within the City.
- Sidewalk Replacement: The Directorate of Public Works (DPW) will utilize a contractor to continue assisting in the replacement of sidewalk throughout the City.
- VEH-16-62 2010 Freightliner Unit #107 (replacement): This is a replacement DPW vehicle for an existing trash/recycling truck. The replacement vehicle will be one of the four (4) vehicles in Aberdeen's Environmental (trash) Fleet
- ADMIN-16-02 DPW Shop: Air conditioning/climate control system for the City Garage: The City is upgrading the climate system for the vehicle bays at the Maintenance Shop to provide cooling during the summer months.
- VEH-16-18 2009 2-1/2 Ton Dump Unit #21 (replacement): This is replacement for an existing dump truck in the City's fleet. The current vehicle is undersized and underpowered and does not meet needs to haul debris and materials to/from job sites, as well as one of Aberdeen's four (4) primary large vehicles to clear snow.
- VEH-19-03 Self Propelled Man Lift: This is an articulating arm man-lift. It will be used for all aerial activities to include tree trimming/cutting, hanging banners, etc.
- ADMIN-19-01 DPW Shop: Vehicle Lift: Under this project another vehicle lift will be installed in Maintenance Shop to provide additional capabilities to service police and administrative vehicles.
- ADMIN-19-02 DPW Shop: Backup Generator Evaluation: The City's maintenance shop's backup generator no longer provides sufficient secondary/backup electricity to address essential equipment. During recovery operations the DPW secondary generator needs to be sufficiently sized to meet all needs in an emergency, which is not the case at this time.
- Miscellaneous Equipment: DPW utilizes this item to purchase/replace hydraulic attachments to heavy equipment items and other small equipment items.
- VEH-19-04 Traffic Attenuator Truck. The City plans to identify and secure a used Vehicle "traffic control attenuator vehicle" (e.g., flagging and safety truck) to provide a barrier between the vehicular traffic and the work zone. The truck will be used at road work sites and emergency traffic response. We anticipate a "payback" of 4 to 5 years from saving associated with hiring outside contractors to provide this service.

Water Fund

- Water Zone 3 Improvements (WTP-16-14, 16-04, 16-03) Design The DPW requires engineering support to finalize the design for the Water Tower, Water Line and Water Zone Improvements to support the west area of the City beyond I-95.
- Design for the Graceford Drive Booster Station Aberdeen's Water Department intends to secure an engineer to assist in the design of a new water booster station in the area of the

- Krause water tower. This water booster station will replace existing 1950's era station on Graceford Drive.
- Construction of a Chlorine Gas to Sodium Hypochlorite Disinfection System: The Water Department will use a contractor to replace the chlorine gas disinfection feed system with liquid sodium hypochlorite at Aberdeen's Water Treatment Plant.
- Water Tower Tank Management (Annual Contract): This project is to engage a maintenance contractor to address preventative maintenance requirements on four elevated water towers and standpipes in the City's water system
- HdG-COA Water Supply Interconnect (Design): We will engage an engineering firm to design a water transmission line and pump station along the Route 40 corridor between Havre de Grace and City of Aberdeen
- UTL-16-04 Upgrade Engle Ave Main (APG Road to Smith Ave) This initiative is for the purchase of pipes, fittings, and crushed stone that will allow Aberdeen's team to upgrade the existing water line.
- VEH-16-06 2009 1-Ton Box Van Unit #6 (replacement) The Water Department intends to replace an existing undersized vehicle. The replacement vehicle is used as the primary water utility response vehicle during repairs of water lines.

Sewer Fund

- UTL-16-20 Replace Hillman Court Sewer Main (Construction), Phase I DPW intends to use a contractor to replace the current but aged line. The sewer main in this area is structurally failing.
- UTL-19-01 Swan Creek Force Main Assessment: We will seek a firm to conduct a condition assessment of the Swan Creek Force sewer main for possibility of rehabilitation after failure of a small section caused an extensive repair and sanitary sewer overflow this winter.
- WWTP-16-31 Digester Sludge Heat Exchanger Replacement: The City seeks to conduct this project which will engage an engineering firm to assist in designing replacement units for the original digester sludge heat exchangers (1980). Currently, one of three units has already failed. In the design the replacement units will be upgraded from oil to natural gas.
- WWTP-16-08: WWTP Security Upgrade (Phase 2): Provide security cameras at the facility.

Stadium Fund

- Miscellaneous Repairs: Yearly capital repairs of the facility as they become known.
- Crack & Join Sealing: The City plans to employ a contractor to perform rehabilitation of concrete and asphalt surfaces throughout the site.
- Removal of Wooden Deck: The City plans to conduct an assessment to determine the best course of action to address wooden deck along the 3rd Base Line. The deck was built without the approval of the City several years ago, and at initial review may have not been constructed to standards. The long-term effects of continual exposure to high levels of moisture due to improper construction, ventilation and drainage is deteriorating the structure. One course of action is to remove the structure.
- SWM Repairs & Maintenance: We intend to engage a contractor to assess and repair the ponds on the site. Silt and debris are required to be removed at least once every 10 years; ponds may require improvements to meet current requirements.

- Membrane Roof Repairs (Stadium): A contractor will be employed to repair the membrane roof located in the flat section of the roof at the Stadium.
- Shingle Roof Replacement (Crab Shack, Home & Visitor's Club House): Aberdeen intends to replace the asphalt shingles at the following locations via a contractor as the roof shingles are at the end of their life-span. The stadium roof was replaced in 2019.

For more information on any of the above, please contact Mr. Randy Robertson or Mr. Kyle Torster, at (410) 272-1600.

*In 2020, Aberdeen's water and sewer utilities are funded at \$8,605,506. Like most cities in Maryland, the Aberdeen systems are classified as Enterprise funded operations. This essentially requires them to be self-funded and not use tax dollars to finance their operations.

**In 2020, Ripken Stadium is budgeted at \$1,065,773 which includes transfers from the General Fund of \$668,030. This Fund is not fully self-funded and uses tax dollars to fund most of its operations.

2020 General Fund

General Government \$3.881.824
